Tuesday 14th September 2021

Dear parents and carers,

Would you like to find out more about your child's day in school?

As you may have heard from the children, last year we used ClassDojo to reward children with "Dojo points" when they really impressed us.

ClassDojo is a free mobile app on iOS and Android, and can also be accessed from a computer at classdojo.com. As well as using to support our reward system it can also be used to show you more about your child's day in school.

How do I get ClassDojo?

Tomorrow, you will receive an email or text message inviting you to join Class Dojo. If you wish to join click on the link that arrives and follow the on screen instructions.

When you register ClassDojo will advertise a paid subscription that you DO NOT need to pay for. We will only be using the free elements of ClassDojo to share the children's experiences in school with you all at home.

Unlike Twitter or Facebook, ClassDojo is not public. Anything shared by the school is only visible to those users who we have sent the joining link to and have signed up.

At the moment the children each have their own little egg on ClassDojo. I believe (I hope) once parents are registered, the children's little eggs will hatch and their own little monster will appear! If you do not wish to register, the eggs will hatch in a couple of weeks' time.

Sharing information using ClassDojo will be new to us all, we will do our best to get it setup smoothly and to use it regularly.

Kind regards,

Tom Holdstock
Headteacher
Defford-cum-Besford CE First School

Through faith, friendship and fun we learn and grow.
